S I R:

In response to the Notice dated March 22, 2006, requesting that Applicants provide copies of papers designated in the Notice to enable the Patent and Trademark Office to reconstruct the file for this application, which has become lost within the Patent and Trademark Office, Applicants herewith submit copies of all of the requested documents, with the exception of the document designated "Correspondence Address Change" dated July 28, 2000. Applicants' representative does not find a copy of such a document in the file maintained by the law of Applicants' representative, nor is there any indication in that file that such a document was sent to the Patent and Trademark Office on or about that date. The only change of address document in the file maintained by the law firm of Applicants' representative was filed by Certificate of Mailing dated January 8, 2001, and Applicants assume that is the correspondence address change designated in the listing attached to the Notice dated January 22, 2001.

**RECEIVED**  
MAY 01 2006  
**GROUP 3600**

Issuance of the patent based on this application as quickly as possible is therefore respectfully requested.
